Please be sure to take advantage of the presold tickets at a 50% savings to you! We will be sending home an order form towards the end of this school year for you to take advantage of this great savings. If you buy your ride tickets in advance the cost is \$1.00 per ride. If you purchase them at the festival the cost is \$2.00 per ride. We will be selling them in strips, with 6 tickets per strips, for a cost of \$3.00. (You will use 2 tickets per ride.) This strip gives you 3 rides at a cost of \$3.00 per strip. This equals \$1.00 per ride. We have a limited quantity of tickets; we hope you take advantage of this terrific opportunity of savings!
